Floyd – Answered Ineski question of variance request

Against: None

Chair Abney closed the public hearing and opened it up for Commission comments.

Newell – Explained purpose of sixty (60) feet road frontage, parcels grandfathered in without road frontage. Now needed to merge parcels.

Ineski – How long has sixty (60) feet been in place?

Newell – Summer 2001

Beacham – This was the way it was before code was adopted. Now that a change must be made, it must go through this Board.

Clonts – This does not give way to create development, like subdivision. That is not what this step implies. More work & approvals would have to be done.
