Example Sketch of Property/Project

- Provide a sketch below of the proposed building location, driveway, septic tank location, and all other structures – please label.
- Show the dimensions of the lot and all setbacks from the house and other structures to all property lines.
- The front setback shall always be measured from the right-of-way of the frontage road(s).
- Show location of any wells, trash pits, and all easements (drainage or utility) located on the property.
- Show distance to nearest stream or lake on property. If not within 200 feet of a stream or lake, please note.

Please use the Example Sketch and follow the above instructions when creating your sketch below. If a professional site/project plan is available, that can be submitted in substitute or addition to your sketch.
